Features

- Control your fireplace from anywhere using WiFi
- Bluetooth only mode available
- Works with Alexa and Google Home
- Indicator light status
- Turn on and off your fireplace using “The One” button
- Add multiple fireplaces on to “The One”
- Control fireplace temperatures

Installing the “The One” onto your Fireplace

1. Plug the “The One” into power using the 5v USB power supply.
2. The “The One” will flash red.
3. Download the iFlame Pro app from the Apple or Google Play Store.
4. Create an account.
5. Add the “The One” on to the app. (Follow the app instructions).
6. Once successfully connected the “The One” will light up a solid blue, indication it is connected to the internet.
7. Pair your remote control to the “The One”.
8. You will now be able to control your Fireplace from your smart device.
